      - agentphone "287-2933"
      - price "\$1,895,000"
      - OpenHouse

## Rule Below

The Rule below setting can be used to create the yellow highlight of the Open House properties. As previously mentioned, the placeholder text for this element is left intentionally blank. As the data is imported, the "2D Open House" will be applied to any listings that have text in this tag.

Will be removed in the final step.
